Wood County Planning Commission Activities Report

Staff activities for February and March 2009 will be reviewed.

Subdivision – Plain Township

Mr. Kenneth Warnke has submitted a request for a variance from the 3:1 width to depth requirement found in the Wood County Subdivision Rules and Regulations. Specifically, the applicant wishes to extend the rear lot lines of three existing lots of record so that the end width to depth ration is closer to a 4:1 ratio rather than a 3:1 ratio. The subject lots consist of three existing lots of record in the northeast quarter of Section 2 of Plain Township, on the west side of Hull Prairie Road. Hannah Road is located approximately one half mile to the south, and the Georgetown Subdivision is located directly north of the lots.
