

WOOD COUNTY, OHIO  
2015 COMMUNITY DEVELOPMENT IMPLEMENTATION STRATEGY  
(CDIS)  
**COMMUNITY NEEDS SURVEY**

The Ohio Development Services Agency (ODSA) provides funds to communities throughout Ohio through the Community Development Program. These funds can be used for a variety of activities which primarily benefit low and moderate income residents of the community and may include improvements to infrastructure, public utilities, transportation, housing, public services, ADA modifications, removal of blight, and the upgrade of parks/recreation facilities.

For planning purposes, ODSA is requiring Grantees (community recipients of CDBG funds like Wood County) to include information regarding their overall community development need on a prioritized basis. The information you provide will be used to develop a planning framework for current and future project selection and funding. Even if you will not be applying for funding this year, this information will be used to formulate Wood County's CDIS, which is required by the State this year.

If your community is planning on applying for any of the 3 competitive grants, Downtown Revitalization, Neighborhood Revitalization and/or Critical Infrastructure funding, you must inform the county of this intention and provide documentation of need so that it can be incorporated in the county's CDIS. (ODSA requires the submission of applications for any of the 3 competitive grant programs to be included in Wood County's Community Development Program application).

To help you identify community need, please complete the following survey to the best of your ability. An editable copy of this survey can also be found online at:

<http://www.co.wood.oh.us/planning/community-programs.htm>

You will be asked to present your findings at the **March 4, 2015 Community Forum to be held at 6 PM** in the Wood County's Commissioners' Hearing Room at One Courthouse Square, Bowling Green. We would also appreciate you sending us a copy of your completed survey for our records and to help us complete the CDIS.

Mr. David Steiner, Director  
Wood County Planning Commission  
One Courthouse Square -5<sup>th</sup> Floor  
Bowling Green, Ohio 43402
