Old Business

New Business

Wood County Planning Commission Staff Activities Report

Staff activities for December 2006 and January 2007 will be reviewed.

Zoning – Middleton Township

The Middleton Township Zoning Commission has submitted a revised version of the Route 25/582 Overlay Zoning District for Planning Commission review and approval. This item was first presented to the Planning Commission at the March 2006 Planning Commission meeting. At that time, the Planning Commission recommended to Middleton Township that the Township approve the addition of the Overlay Zone to the current Township Zoning Resolution. When the item reached the Middleton Township Trustees for consideration, the Middleton Township Trustees voted to send the item back to the Zoning Commission for revisions. This newest version of the overlay zone is the product of those revisions and contains changes to the landscape requirements, the architectural requirements, and the excluded uses section of the zone

Chairman's Time

Director's Time

Discussion of possible changes to the CDBG Formula Program project selection process.
