Wood County Planning Commission Activities Report

Staff activities for August 2007 will be reviewed.

Zoning – Perry Township

Mr. William J. Frankart has submitted a request to rezone approximately four (4) acres of land in Perry Township from an Agricultural zoning classification to an Industrial zoning classification. The purpose of this request is that the applicant wishes to construct a tire shredding and recycling operation on the property. The property is located in the northeast corner of Section 16 of Perry Township on the west side of Baird Road approximately 820 feet north of Hall Road, $\frac{3}{4}$ of a mile north of Oil Center Road, and one mile east of Dindore Road. The area where the parcel is located has been designated an agricultural use by the Wood County Land Use Plan.

CDBG Project Ranking Worksheet

A newly drafted worksheet for scoring and selecting block grant applications will be reviewed and discussed. The goal of this item is to draft a document that will be used to score all block grant applications and then use this score to select projects.
